

# BUSD Bridged Solana (BUSD)

## Official Whitepaper - 2025

BUSD Bridged Solana (BUSD) is a synthetic representation of Binance USD (BUSD) seamlessly deployed on the Solana blockchain. It is designed to provide stability, speed, and interoperability within the decentralized finance (DeFi) ecosystem. This whitepaper outlines the tokenomics, roadmap, team, partners, and official resources for the project.

### Token Information

- Token Name: BUSD Bridged Solana - Symbol: BUSD - Contract Address:  
45QHNDNJ68CMt7oPcYuSNzjPtB8MHAvCL8CoyAiYT52Z - Decimals: 9 - Total Supply:  
9,990,000,000 - Current Supply: 9,989,899,999.918255586

### Tokenomics

- Total Supply: 9,990,000,000 BUSD - Circulating Supply: 9,989,899,999.918255586 BUSD -  
Liquidity Provision: 70% - Community & Ecosystem Growth: 15% - Development & Infrastructure:  
10% - Reserves & Stability Fund: 5% Key Features: - No Hidden Taxes - Cross-Platform Visibility -  
Liquidity-Focused Model

### Roadmap 2025

Q1 2025 – Foundation & Deployment - Smart contract deployment on Solana mainnet - Token listing on Raydium and OpenBook market - Live tracking on CoinMarketCap DEX, Birdeye, GeckoTerminal, Jupiter - Community channels launched (Twitter, Telegram, GitHub, Website) Q2 2025 – Ecosystem Expansion - Liquidity pool expansion across Raydium, Orca, and Saber - Wallet integrations with Phantom, Solflare, Backpack - Launch of community incentive programs - Partnerships with DeFi protocols Q3 2025 – Adoption & Utility Growth - Expanded aggregator visibility (Jupiter, Step Finance, Dexscreener) - Integration with payment gateways - Cross-chain bridging with Ethereum & BSC - Launch of Governance Lite Framework Q4 2025 – Global Positioning - Listings on more DeFi protocols and yield platforms - Strengthening liquidity reserves - Strategic exchange partnerships - Release of 2026 Roadmap

### Team & Partners

Core Team: - Stable Architect – Project Lead: Oversees vision and strategy - Bridge Builder – Blockchain Engineer: Contract development & integrations - Liquidity Master – DeFi Specialist: Liquidity management & partnerships - Stable Voice – Community Manager: Growth, campaigns, engagement - Guardian – Security & Audit Advisor: Reviews risks and audits Community Contributors: - Builders Guild – Developers and auditors - Ambassadors Network – Global advocates - Liquidity Providers Circle – Liquidity backers - Creative Collective – Designers and content creators Partners & Integrations: - Raydium, OpenBook, Jupiter, Orca (planned), Saber

(planned) - CoinMarketCap DEX, GeckoTerminal, Birdeye, TokenSniffer - Community: Telegram, Twitter, GitHub, Website
